

Adding Material

1. **Weigh** your material (greens)

2.

Rake back a layer of material off the top of the **Fresh** pile

3.

Fetch an equal volume of browns to your greens from the **Browns** bin

4.

Spread the browns over your raked area

5.

Spread your greens over the browns (mix or layer if needed)

6.

Cover it up with the material raked from the top

7. **Lock** up!
